

Miss Sloan's Newsletter

March 5 - 9, 2018

Language

- An **article** is a type of adjective. It come before the noun it describes.
- The article, **the**, identifies a particular person, place, or thing. It can be used to refer to singular or plural nouns. The articles **a** and **an** refer to a general person, place or thing.
- **This, that, these, and those** are **demonstrative adjectives**. They answer "which one?" or "which ones?"

AL History

We will be looking at social and educational changes during the late nineteenth century.

We will also identify Alabamians who made contributions during this time, focusing on the life of Booker T. Washington.
